

# TABLET STAND

## assembly instructions

### Hardware checklist:

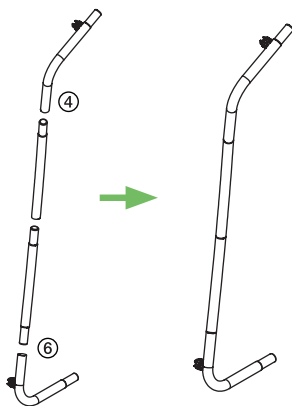

- 2 x straight pole sections
- 2 x elasticated pole sections
- 4 x curved pole sections
- 1 x tablet holder (min/max width 220/355mm)

If the horizontal sections use a screw mechanism for fixing, tighten only to approx. 90% fastening.

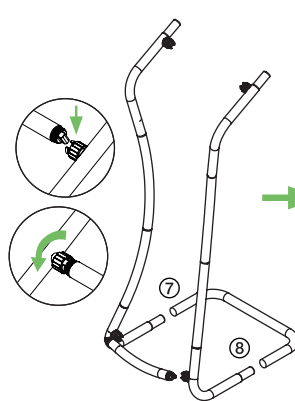

**1**

Connect the two elasticated side sections (left and right).

**2**

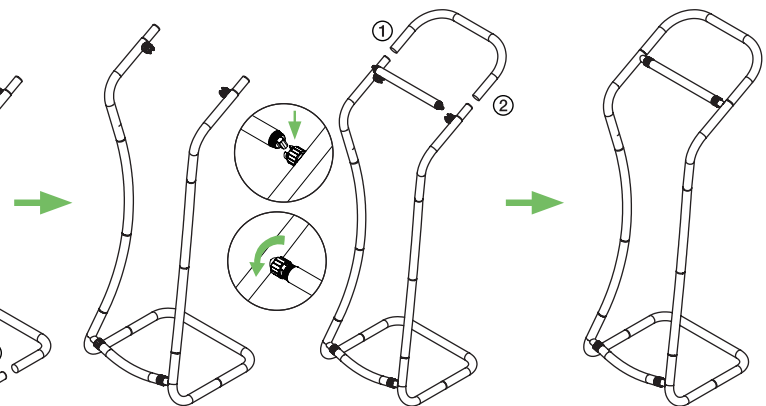

Attach the bottom curved and straight section.

**3**

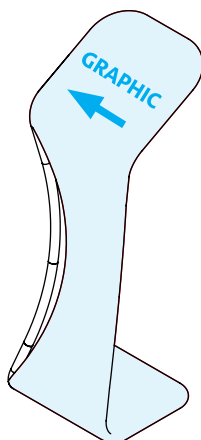

Attach the top curved and straight section.

**The straight horizontal section connectors will either be a screw mechanism (shown) OR a click together mechanism as on the main frame.**

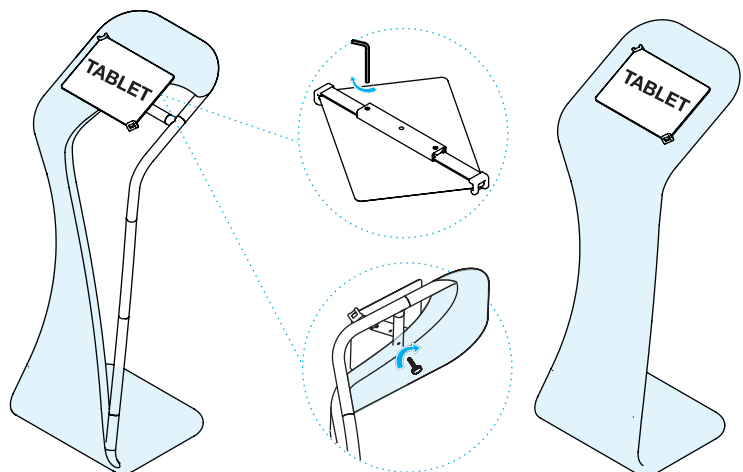

**4**

Slide the fabric graphic over the frame from one side to the other and zip it up.

**5**

Fix the tablet holder to the stand with the backing screw. The screw should be inside the cover once assembled.

## care instructions

Get the best from your **tablet stand**  
by following these simple care guidelines:

Ask a friend to help with assembly - four hands are better than two!

Assemble in a dry, clean area and wear the gloves provided when handling the fabric cover.

Position away from windows and back-lit areas to reduce show-through from the reverse.

Use indoors only.

Once assembled, avoid dragging across the floor. Doing so may cause damage.

If the fabric cover becomes dirty, it can be machine washed at 30° with everyday detergents. Cool iron, do not tumble dry.

**All fabric components are fire retardant to B1 and M1 standards.**
